

Missouri State Library Technology Mini Grants Awarded November 2021

Technology Mini-Grants provide funds to public libraries to assist with funding for technology and automation related equipment, other hardware, and software to improve the library's network infrastructure. These grant funds can be used to replace older or purchase new equipment in order to provide improved library services.

Thirty-Two Technology Mini-Grant grant applications were received, requesting a total of \$558,841.79. Thirty-one grants were awarded a total of \$507,096.00. The grant period began December 1, 2021 and will end May 30, 2022.
